### EXPLANATION OF SWEDEN'S ACTION TO BE DEMANDED

State Department Has No Word From Either Sweden or Argentine

### RECALL OF LUXBURG MAY BE FORCED BY BUENOS AIRES

British Press Incensed at Action of German Diplomats—Comment

(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 10.—The government today still was waiting for some indications of how the Swedish government regards the disclosures of the part taken by its legation in Buenos Aires in transmitting German legation dispatches to Berlin.

Neither the Argentine ambassador nor the Swedish minister here presented any message from their governments and it was indicated that until one or both had communicated with the state department, this government would take no step toward the development of what may lead to a serious alteration of Sweden's position among the neutral governments.

At the state department today it was made clear that there was no disposition to question the good faith and honesty of the Swedish people. The distinction between the people and the government was carefully pointed out.

That Argentine will take prompt steps toward securing an explanation from Sweden is assured, and the state department will be surprised if the Argentine foreign office does not force the recall of Count Luxburg, the charge d'affaires, who advised the sinking of Argentine ships "without leaving any traces," and who referred to the head of the foreign office as a "horrible assassin." That the incident has been regarded by this government as a war-like act by Sweden was absolutely denied. What may develop is a different thing. At present there has been no change in the position of the two governments. This government has attempted no restriction upon free communication between Sweden's representatives and their government.

Whether this government got the dispatches it published from its own agents, or from those of one of the allies remained a secret. Refusal also was made to discuss the question as to whether all the information in possession of the department had been made public.

(ASSOCIATED PRESS TELEGRAM)  
Buenos Aires, Sept. 10.—Argentine officials, according to newspaper accounts today, are still unable to believe that the dispatches sent to Berlin through the Swedish legation were accurately translated. The foreign office early today said it was without official advice from Ambassador Naon or American Ambassador Stimson. Newspapers and officials generally believe that the government will demand the recall of Count Luxburg, German charge d'affaires at Buenos Aires, but a rupture in diplomatic relations with Germany is not anticipated at present, the Argentine government preferring, it is said, to consider the affair a personal one between the German and Swedish representatives here.

La Epoca, the recognized mouthpiece of President Irigoyen's party, says:

"These documents show discourtesy and duplicity so great that we were unable at first to believe such practices possible by such men. We must confess despite the unimpeachable source of information, that we did not believe possible such monstrous conduct, which is so exceptional in these times when diplomatists have acquired a spirit of sincerity and frankness. Before such stupendous duplicity calm perplexity is possible and it is impossible to believe that a nation calling itself our friend (we refer principally to Sweden; Germany's methods being already doubtful) could observe such conduct without any cause for a grudge against us at the present moment with its terrible events reawakening the worst instincts we thought forever dead."

"Although unable to foretell what action the government will take, it is certain that it will take energetic measures to assure the dignity of the nation's highest officials, who are thus insulted in an unprecedented manner despite their best efforts to treat Germany with dignity under the delicate situation arising through the trampling under foot of the Argentine flag."

La Nacion in its issue today declares it is absolutely that the German and Swedish ministers leave the country immediately.

**DEMOCRATIC ACTION.**  
London, Sept. 10.—All the London newspapers in their editorials, similarly denounce in unmeasured language Germany's action as revealed in the Swedish disclosures. The Daily News, under the caption of "The Latest Parody," says:

"It is impossible to foresee what of-

fect the astonishing revelations will have on the general course of the war. If further evidence were needed of the cynical brutality with which Germany fights, it is surely here. Among the ruffians to whom the German public service appears to afford refuge in such numbers, Count Luxburg (German charge d'affaires in Argentina), is entitled to a very prominent place."

The Daily News thinks it is scarcely credible that Argentine public opinion, even if the Argentine government was willing, will tolerate a continuous of friendly relations with Germany.

Photographs of the king and the royal family of Sweden, Swedish soldiers and hideous views of Stockholm are featured in several newspapers under cross-page heads, such as "Sweden's Exposure," "Sweden Charged With Breach of Neutrality," while others carry special reviews of the entire course of events in Sweden since the outbreak of the war. One paper likens Sweden's position to that of Greece a few months ago, saying:

"Its queen is German." "What do we cannot view without infinite regret the position into which Sweden has been dragged by active sympathy of certain of her rulers towards Germany. The disclosures, which were made from Washington, shed a brilliant light upon dark places of Hun diplomacy. Let us thank the United States for penetrating the plot."

Theo Graphic says: "What Denmark and Norway, parties with Sweden to the Malmo meeting, think of it?"

The Daily Mail, in an editorial, congratulates the American intelligence service on "the second great exploit of this year," and says: "A blacker piece of diplomatic duplicity on Germany's part never was exposed, while on Sweden's part an offense against neutrality and against every decency of international intercourse, deep, deliberate and despicable—how despicable can only be realized when we recall that Sweden has herself suffered from such outrages as she is assisting Germany to inflict upon Argentina."

### GOV. COX PROTESTS AGAINST OFFICERS SENT TO OHIO REGTS.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Sept. 10.—When Governor Cox learned today that 200 officers from the training camp at Atlanta, Ala., to be assigned to regiments in the division composed of former Ohio national guard troops, he sent a vigorous protest to the war department at Washington, insisting that if additional officers were needed they should be taken from the non-commissioned officers of the Ohio regiments.

He pointed out that these non-commissioned officers have been Mexican border service and would be competent to fill the positions to which the Atlanta officers have been assigned. He also declared that the permanent assignment of the Atlanta officers would be in violation of the new national defense act.

Secretary of War Baker replied, advising that the assignment of the Atlanta officers to the Ohio division was but temporary and that it would not interfere with the promotion or selection of officers for the Ohio guard.

### THREE SAFES STOLEN, SUSPECTS CONFESS

(ASSOCIATED PRESS TELEGRAM)  
Akron, O., Sept. 10.—Four men, who police say, have confessed their guilt in connection with three safe robberies in Akron, are being held in Akron. They are: Pleasant McVeigh, 24; B. Allen, 25; Evan Allen, 29, and William Packard, 27. During the last two weeks three big safes have been taken from Akron stores and removed to vacant lots outside the city, where the locks were broken and the contents removed.

### PRESIDENT ASKS PEOPLE TO AVOID DEMONSTRATION

(ASSOCIATED PRESS TELEGRAM)  
Gloucester, Mass., Sept. 10.—The president's yacht, Mayflower, with its convoy, was still in the harbor this morning, but prepared to weigh anchor later in the day and continue the cruise upon which President Wilson and Mrs. Wilson embarked at New York, Saturday.

Reports that the party would come ashore again today drew a crowd to the waterfront, but it was made known that the president wished to avoid anything in the way of a demonstration. It was not revealed just when the Mayflower would sail and it was intimated that the president would not have left the Mayflower yesterday if his plans to do so had become known in advance.

### REINFORCEMENTS STOP ITALIANS AT SAN GABRIELE

Battle Continues But Attacking Forces Hampered By Bad Weather

### FRENCH GAIN AGAIN IN FRONT OF VERDUN

Fighting On the Macedonian Front is Resumed and Becomes Important

(ASSOCIATED PRESS TELEGRAM)  
New York, Sept. 10.—The great battle which General Cardona is waging for Monte San Gabriele is continuing uninterrupted, despite the inclement weather. The Austrians are being subjected to unrelenting pressure but by means of heavy concentrations of fresh troops they have been able to keep the Italians from achieving the notable success which completion of the capture of the mountain would constitute. The Italians have captured 145 guns from the Austrians since the beginning of this offensive.

General Petain's troops last night clinched the success they won north-east of Verdun on Saturday when they pushed their lines ahead materially in the Fosse and Caurieres wood sector. The Germans were obliged to abandon their furious assaulting tactics of the day, probably because of the heavy losses they sustained in attacks which left the French line unshaken.

Paris characterizes the repulse sustained by the crown prince here as an "unimportant" one, and wells upon the extremely serious extent of the casualties inflicted by the French fire.

There were only raiding operations on the remainder of the French army's front and there was a similar lack of activity of a major sort along the British lines. General Haig's troops, however, put in a busy night in successfully consolidating the positions taken by them yesterday north-west of St. Quentin in the neighborhood of Hargicourt. London announces, Berlin, however, declares that this ground was retaken by the Germans early today.

The Macedonian fighting is again assuming importance. On the extreme west of the front the French have apparently massed a considerable force. Yesterday they reported occupying several villages in the Mallek lake region and the German war office today admits that Teutonic forces there were obliged to retire before superior French pressure.

The German advance in the Riga region is definitely halted, according to indications in the current reports. The only events reported there today by Berlin are clashes between Russian raiding parties and German reserves.

Russia again has a critical political situation to face, however, with General Korniloff, deposed from the chief command because of his demand for dictatorial powers and with martial law declared at Petrograd, presumably by way of preparation to cope with threatened resistance by the general to his deposition, and a possible new attempt to overcome the provisional government by force.

Premier Kerensky in a proclamation, assures the people that all necessary measures are being taken to preserve the fruits of the revolution and counsels them to remain calm and firm in the performance of their duty to preserve Russia against the foreign enemy.

### HAND-TO-HAND FIGHTING.

(ASSOCIATED PRESS TELEGRAM)  
Udine, Italy, Sept. 9.—(Sunday)—The fight against the heights north-east of Gorizia continues night and day during good and bad weather. The continuous contest seems to be observed to be animated by superhuman force, the Italians and the Austrians almost constantly engaging in hand-to-hand encounters. A strange situation is brought about by the two forces, virtually equal in numbers, strength and determination, struggling for supremacy in a circumscribed area where it is impossible for either side to employ more men or artillery. Gaps in the ranks are instantly filled and thus the contending forces remain so balanced that victory apparently is impossible to either side. The fierceness of the struggle is proved by the fact that in 12 hours the Italians attacked the enemy five times.

### MAY BAR U. S. MAILS TO CERTAIN GERMAN PAPERS

(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 10.—Exclusive from the mails of certain influential German language newspapers printed in various sections of the U. S. is under consideration by the post office department as a part of the government's determination to prevent circulation of anti-war propaganda.

This unusual photo of a fine bunch of American soldier boys at play, building a human pyramid, is symbolic of the increase in the American army. The army has been "pyramiding" since the outbreak of the war, and is now immensely greater than before. According to Secretary Baker it will number two millions early in 1918.

### PREDICT DROP IN PRICE OF FLOUR AS NEW WHEAT IS USED

(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 10.—Grain elevators began operating today under license restrictions prescribed by the food administration. None will be allowed to store wheat or rye for more than 30 days and each elevator is required to make weekly reports of its transactions.

Flour mills will be put under a licensing system within a few days. They will be restricted to a maximum profit of 25 cents a barrel on flour and cannot make future sales more than 30 days in advance.

As soon as the new wheat crop begins to move through the mills, flour prices to the house holder, according to the food administration, should drop at least \$3 a barrel.

### RIBOT ABANDONS CABINET JOB WHEN SOCIALISTS BALK

(ASSOCIATED PRESS TELEGRAM)  
Paris, Sept. 10.—Yesterday's action of the socialist party in refusing to collaborate with Alexander Ribot in forming a new ministry caused M. Ribot, after consultation with President Poincare, to be obliged to give up the effort, was quite unexpected.

An explanation of the socialist step was given by some of the deputies in the lobbies of the chamber, their declaration being that when Premier Ribot announced that a reconstruction of the cabinet would take place the socialists were under the impression that fundamental changes would be made and it was that understanding that they agreed to continue to collaborate with the government. They found out, however, that a majority of the existing ministers would be retained. That being the case, they considered the ministry did not offer sufficient guarantees either of a more vigorous conduct of the war or of a true democratic policy, the deputies explained, and consequently the party decided to withhold its support.

### SAYS POPE'S NOTE CLEARED THE SITUATION GREATLY

(ASSOCIATED PRESS TELEGRAM)  
Rome, Sunday, Sept. 9.—Cardinal Gasparri, papal secretary of state, has returned to Rome from a fortnight's vacation and immediately set to work, together with Pope Benedict, on the accumulation of documents received during his absence regarding the papal peace initiative. To those who approached him Cardinal Gasparri said:

"Whatever happens the proposition made by Pope Benedict in favor of peace will have the effect of greatly clearing the situation."

### BIG CORPORATION WILL BUILD PLANES FOR ARMY

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Sept. 10.—The Glenn L. Martin company of Cleveland was incorporated at the secretary of state's office today with \$25,000,000 capital stock to manufacture all kinds of aircraft. The incorporators are Glenn L. Martin, C. E. Thompson, S. Livingston Mather, Carl N. Osborne and Alva Bradley.

### SECRETARY BAKER IN COLUMBUS TO ADDRESS BANKERS

(ASSOCIATED PRESS TELEGRAM)  
Columbus, O., Sept. 10.—Secretary of War Baker is to arrive here tomorrow morning to deliver an address in the afternoon at the opening session of the annual convention of the Ohio Bankers' Association. He is expected to bring a message from the administration at Washington of interest to financial men of the state.

Governor Cox and Major General E. F. Glenn, commander of Camp Sherman, Chillicothe, will be speakers at the patriotic meeting of the bankers which will be held tomorrow evening.

S. B. Rankin, secretary of the association, announced today that the attendance to the meeting probably would be larger than first expected.

### 125 AMBULANCES FOR RUSSIA ARE GIVEN TO RED CROSS

(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 10.—A gift of 125 motor ambulances and automobiles to Russia is announced by the American Red Cross. The shipment will go forward immediately consigned to the Red Cross mission sent to Russia two months ago under Dr. Frank Billings. Already nearly half a million dollars worth of medical and surgical supplies have been sent. For the present no personnel for the ambulance sections will be sent to Russia; the machines will be operated by Russian drivers under the direction of the Red Cross.

### TELEGRAPHERS STRIKE FOR INCREASED WAGES

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Sept. 10.—Trains were still running late on the Trenton division of the Pennsylvania railroad in New Jersey today as a result of a strike for telegraph operators for better pay and conditions. According to high railroad officials here, conditions have improved from the company's standpoint, none of the trains running more than 50 minutes late. The company is filling the strikers' places with men who are using the telephone to move trains.

## STATE OF WAR EXISTS IN PETROGRAD; PREMIER DISMISSES GENERAL

Korniloff Demands Absolute Authority in All Civil and Military Matters and is Kicked Out By Kerensky—Klembovsky Placed in Command of Russian Armies

## CABINET MINISTERS ADMIT REVOLT IS GRAVEST EVENT SINCE REVOLUTION

May Appoint a Directorate of Five Men With Full Powers to Control Any Situation Which May Arise—Kerensky Appeals to People to Remain Calm and "Maintain Order For the Welfare of the Fatherland"—Thinks Army Leader Sought Profit By Difficult Situation in Russia

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Sept. 10.—An official statement says that General Korniloff "also proved a traitor," refusing to take command of the Russian armies in succession to General Klembovsky.

Premier Kerensky has declared that a state of war exists in the town and district of Petrograd.

Premier Kerensky has ordered that General Korniloff, commander in chief of the Russian armies to resign in consequence of General Korniloff's demand for supreme power.

General Klembovsky has been appointed commander in chief. Premier Kerensky has issued the following proclamation:

"On September 8 a member of the Duma, M. Lvoff, arrived in Petrograd and called upon me in the name of General Korniloff to lead over-all civil and military powers to the government, who form a new cabinet, at the pleasure. The authenticity of this summons was afterwards confirmed by General Korniloff himself who had a conversation with me over the direct telegraph wire between Petrograd and main headquarters."

"Considering this summons addressed through me to the provisional government as an attempt by certain quarters to profit by the difficult situation of the country and establish a state of things contrary to the conquests of the revolution, the provisional government has recognized the necessity of charging me for the safety of the republic regime, to take the urgent, indispensable measures necessary to cut at the roots all attempts against the supreme power and rights of the citizens won by the revolution."

"I therefore for the maintenance in the country of liberty and public order, am taking all measures, which I shall announce at the proper moment to the people. At the same time I order General Korniloff to hand over his functions to General Klembovsky, commander in chief of the armies on the northern front, which bar the way to Petrograd and General Klembovsky to assume provisionally the functions of Generalissimo, while remaining at Pskov."

"Secondly, I declare a state of war in the town and district of Petrograd."

"I appeal to all citizens to remain calm, maintain the order necessary for the welfare of the fatherland and the army and navy, and tranquilly and faithfully fulfill their duties in the defense of the fatherland against the foreign enemy."

Eleven cabinet ministers have been in continuous session in the winter palace today considering measures to face General Korniloff's revolt, which in conversations with The Associated Press correspondent, the ministers admit is the gravest event since the revolution.

So far except for the deposition of General Korniloff which the general is apparently determined to defy, no measures have been decided upon, but the discussion is proceeding on a plan to constitute a directory of five men vested with full power. The names so far submitted for membership in this body are: Premier Kerensky, Vice Premier Nekrasoff, M. Skoboleff, the minister of labor M. Terestchenko, the minister of foreign affairs and M. Savinkoff the assistant minister of war.

In a talk with the correspondent, Foreign Minister Terestchenko said: "The plan for the directory is under discussion and may be decided tonight. So far the government is unable to make any statement. At 12 o'clock we expect the arrival of General Alexieff with whom we will confer. My personal opinion is that General Korniloff's revolt is not dangerous and is partly due to a misunderstanding which will be cleared up."

Regarding the rumors of widespread arrests in Petrograd today in connection with the revolt, The Associated Press correspondent is authorized to declare that no arrests have yet been made by order of the government, although there may have been some by the judicial authorities under the ordinary process of law.

These interests, said M. Lvoff, were not against Premier Kerensky who was invited to general headquarters to meet General Korniloff. The premier refused the demands of M. Lvoff, who was then arrested and under examination gave the details of the conspiracy.

Members of the Russian cabinet

today told The Associated Press that the provisional government regarded General Korniloff's pronouncement as an act of rebellion which must be ruthlessly suppressed. The government, it was added, believed it had enough loyal troops and the support of the Russian people to enable it to put down the Korniloff movement.

When M. Lvoff said Premier Kerensky on Saturday and presented General Korniloff's demands, it developed today, he told the premier that an organization of duma members, Moscow industrialists and other conservatives who played the role of the opposition at the recent Moscow conference, were supporting General Korniloff.

**SOLDIERS OPPOSED KORNILOFF.**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 10.—Russian embassy officials believe the resignation of General Korniloff was forced by elements of the Council of Workmen and Soldiers' Delegate opposed to enforcement of the death penalty for mutinous soldiers and General Klembovsky the new commander will modify the death penalty order.

Representatives of the workmen and soldiers in the Kerensky cabinet it was pointed out, have been dissatisfied with the stringent measures adopted to restore the Russian army to discipline fearing the revolt might menace the new democratic ideals of the republic. They insisted that a less drastic disciplinary code would receive more wholehearted support of the army and consequently would be more effective.

The embassy had not received official news of General Korniloff's removal.

**ANNOUNCEMENT EXPECTED.**  
(ASSOCIATED PRESS TELEGRAM)  
London, Sept. 10.—Count Wrangel, the Swedish minister at London, arrived at the Swedish legation early this morning prepared to go to the British foreign office later in the day. The minister told the Associated Press that he had no advice concerning the present affair and had "nothing whatever to say about the matter." The count indicated, however, that he might have some announcement to make later.

The Argentine minister is out of the city and is not expected to return until Wednesday.

**PARIS COMMENT.**  
(ASSOCIATED PRESS TELEGRAM)  
Paris, Sept. 10.—The Swedish-German revelations are made a feature by today's Paris newspapers which in their introductory notes and headlines attach responsibility to Swedish government and in particular to the minister of foreign affairs.

The guilt of the affair must rest upon the whole Swedish cabinet, declares the Matin. Various newspapers such as the L'Action Francaise, the Petit Parisien and Le Journal comment upon the excellence of the American secret service. In General the press demands that the Swedish people promptly depose a government which has betrayed them into such "scandalous violation" of good faith with the allies.

## CONCESSIONS MADE IN PROPOSED TERMS BY SECY. KUHLEMAN

Washington, Sept. 10.—What purported to be an outline of Germany's peace terms has been circulated among diplomats here within the last two weeks, but has been regarded by the entente embassies and most of the neutrals as a "feeler." The origin of the so-called terms was not disclosed, but they are said to have been written by Foreign Secretary von Kuhlmann before his visit to Vienna, which since has been pointed to as strengthening the probability that they bear evidence of authenticity.

Briefly, the so-called peace terms were as follows:

Restoration of Belgium and northern France, to be paid for out of the sale of Germany's colonies to Great Britain.

Alsace and Lorraine to be independent states. (High French officials recently have stated anew the determination of France to be satisfied with nothing less than the recovery of her lost provinces.)

Trieste and Roumania to be restored, and Serbia to have a port on the Adriatic.

The Balkan question and the status of Turkey to be subjects for negotiation.

Disarmament and international police.

Freedom of the seas, with Great Britain in control of the English Channel until the projected tunnel is built between Dover and Calais.

LICKING COUNTY INCLUDED IN FARM LOAN ORGANIZATION

Columbus, O., Sept. 10.—The Central Ohio National Farm Loan association, embracing Franklin, Union, Delaware, Knox, Licking, Muskingum, Pickaway, Fairfield and Madison counties, was formed at a meeting held here Friday afternoon.

The object of the new organization is to borrow funds from the federal farm loan bank which may be obtained at low interest rates and for long periods by such associations.

Thirty well-to-do farmers from the counties named attended the meeting. John P. Brennan of Columbus, former state treasurer, was one of the vice presidents of the federal farm loan bank for this district, which is located at Louisville, explained the benefits of the system under which loans may be obtained by farmers.

The officers elected are: President, A. F. Fries, Grove City; vice president, W. O. Lambert, Columbus; secretary and treasurer, Edgar L. Abbott, assistant cashier of the New First National bank, Columbus.

CORNMEAL IS CHEAPEST

FOOD HOOVER DECLARES

Washington, Sept. 10.—Corn meal, even at the present high prices, is cheaper of nutritious foods, according to Herbert Hoover, who in a statement, urges more general use of the meal for making bread.

Increased use of fish as a food also is urged. America's fish consumption, it is shown, is eighteen pounds per capita annually, against 65 in England; 57 in Canada; 52 in Sweden; 44 in Norway; 39 in Denmark and 37 in Portugal.

FOUNTAIN JOHNSON ASKS COURT FOR DIVORCE

Following the airing of the domestic disagreements in police court last week, Fountaine A. Johnson, today filed a petition for a divorce against his wife, Vidette M. Johnson in common pleas court.

The petition is a lengthy one and the charges made are sensational. In one clause he charges the defendant with beating him over the head with a chair and states that she remained away from home until after midnight each evening. A co-respondent is named and other charges are made. Phil B. Smythe attorney for the plaintiff.

BELGIAN QUEEN FLYS OVER INVADEN NATION

Paris, Aug. 10.—Queen Elizabeth of Belgium recently made an airplane trip over a section of Belgian territory under German control.

With King Albert, she was visiting the front in Flanders held by the French troops and during her stay went to an aviation center, where for some time she watched the expert air men perform various feats.

Queen Elizabeth then expressed a wish to obtain a glimpse once more of some of the sections of her unfortunate country still in hostile hands. Her wish was gratified, as she was taken on board an airplane, flew over the enemy lines and above some villages occupied by the Germans.

UNFILED STEEL ORDERS

New York, Sept. 10.—Unfiled orders of the U. S. Steel corporation on August 31, were 10,497,949 tons, according to the corporation's monthly statement issued today. This is an increase of 427,115 tons compared with the orders on July 31.

BOY KILLED BY MOTORCYCLE

Zanesville, Sept. 10.—Edwin Grass, aged 6, son of Fred Grass, was killed last night when struck by a motorcycle ridden by Earl Svin-

## Official Statements of War Department

GERMAN.  
[ASSOCIATED PRESS TELEGRAM]  
Berlin (via London), Sept. 10.—German advance forces northwest of Lake Malik, on the Macedonian front yesterday retreated before superior French pressure, says the official statement issued today by the German war office. The Teutons retreated in the direction of the heights, southwest of Lake Orinda.

ITALIAN.  
[ASSOCIATED PRESS TELEGRAM]  
Rome, Sept. 10.—General Cadorna continues to press the Austrian forces in the region of the Austro-Italian front northeast of Gorizia, according to the official statement issued today by the Italian war department. Yesterday there was a very great artillery bombardment south of the Carso.

166TH EXPECT TO BE FIRST TO LEAVE LONG ISLAND CAMP

Camp Mills, L. I., Sept. 10.—The famous Fourth regiment of Ohio, now known as the 166th U. S. Infantry, including forty or more from Newark, arrived here Sunday from Camp Perry. They constitute a part of the "Rainbow" division.

Twenty-five thousand persons visited this big New York camp Sunday. More than 1,000 cars were parked near the camp during the afternoon. The boys are anxious to move to the front. For the past four weeks the regiment has been at Camp Perry. This regiment of which the Newark men form a part will be in the 83d brigade. The brigade is now complete and it is expected that they will be the first of the division to leave Camp Mills.

The Ohio regiment was placed directly across the road from the 165th regiment. The site had been cleared for them and within a few hours after their arrival Sunday what was a barren field became a tented city. Hank Gowdy, the famous ball player, is color sergeant in the 166th regiment.

5000 MINERS QUIT WHEN MILITARY MEN STOP LABOR PARADE

[ASSOCIATED PRESS TELEGRAM]  
Springfield, Ill., Sept. 10.—Five thousand coal miners representing seventeen mines in the vicinity of Springfield refused to go to work this morning, because of the action of military authorities here yesterday in breaking up a parade of labor unionists intended as a demonstration in support of the strike of street car operatives.

The miners declare their constitutional rights of assemblage and free speech were denied by armed troops. Whether the strike is to be prolonged could not be determined because it was not authorized by meetings of miners' locals.

President Frank Farrington of the United Mine Workers of Illinois, who is in Washington was notified of the strike.

I. W. W. SPENT \$100,000 IN 7 MOS. RECORDS SHOW

[ASSOCIATED PRESS TELEGRAM]  
Chicago, Sept. 10.—Search of the records of the I. W. W. seized here in last week's federal raids, has revealed that the Chicago office of the organization disbursed \$100,000 between January 1 and August 1 of this year, it was announced here today. The government officials were informed that this money was handled by William Haywood, executive secretary.

The books also show that the membership is approximately 90,000 and that it has increased approximately 100 per cent in three years.

The entries also disclose indications that they were mainly for "defense purposes," printing literature and publishing newspapers.

EXHIBIT RESCUE DEVICE FOR SUBMARINE CREWS

[ASSOCIATED PRESS TELEGRAM]  
New York, Sept. 10.—New rescue devices for submarine crews were among the appliances to be displayed and demonstrated at the fourth annual convention of safety and sanitation of the American Museum of Natural History and the National Society of Safety, which will begin its sessions here today. The sixth annual safety congress will also begin its sessions today.

It was calculated that more than two thousand executives of railway and industrial corporations were in the city to attend the two conventions.

FROST DOES DAMAGE TO MICHIGAN CROPS

[ASSOCIATED PRESS TELEGRAM]  
Grand Rapids, Mich., Sept. 10.—Killing frosts which visited western Michigan last night caused thousands of dollars damage to crops. Beans, corn and potatoes suffered severely.

TOLEDO SCHOOLS CONGESTED

[ASSOCIATED PRESS TELEGRAM]  
Toledo, Sept. 10.—The public schools which opened today for the fall term, were so congested that two classes must use same rooms with a half day instruction for each. School officials estimated the first day's enrollment at 33,000 exclusive of parochial schools and Toledo University.

Some people get straight to the top, others even climb the ladder of fame in a roundabout way.

## CONFERENCE SENDS REV. A. B. COX BACK TO PASTORATE HERE

Columbus, Sept. 10.—The largest attendance since its five day session opened Wednesday was that which took part in the services yesterday, when the annual conference of United Brethren of southeast Ohio came to a close.

Rev. C. M. Mathews, Dayton, delivered the conference sermon at morning services, in which he declared that war slaughter always would continue as long as nations turn from God.

Rev. E. A. Hitt, Chillicothe, conference superintendent, preached the sermon last night.

With Rev. Dr. Hitt renamed as conference superintendent, the stationing committee's report shows a large number of pastors were returned to their pulpits.

Rev. A. B. Cox was returned to the East Main Street U. B. church at Newark for the fifth time. Rev. M. R. White of the Tenth Street church was sent to Ashville, his place at the Newark church being filled by Rev. W. F. Harbert. Rev. J. S. Turbin was assigned to the North Newark circuit and Rev. Ed. M. Jarason was again assigned to the Jacksonstown church. Rev. W. V. Harter, whose parents reside on South Fifth street, has been assigned to Wellston.

SOFT DRINKS ARE UNDER BAN AT OHIO CAMP IN ALABAMA

[ASSOCIATED PRESS TELEGRAM]  
Montgomery, Ala., Sept. 10.—Official edict that refreshment stands selling ice cream, milk, soft drinks and candy will not be permitted to operate near the Ohio cantonment has been issued by General Treat, commandant.

Hereafter, cantonment canteens will be the only sale medium for such articles as the medical officers approve as being proper food and drink for the soldiers.

General Treat also approved the request of a committee that Jewish soldiers be permitted to observe the Jewish New Year, Sept. 17, and the Day of Atonement, Sept. 27. The soldiers will be permitted to attend services in Montgomery on those days.

The battalion of mounted police under command of Colonel S. B. Stansberry of Cincinnati, have arrived and made camp. They went on duty at once, relieving the provost guard, which has been serving since the Ohio soldiers arrived. With the mounted police as major is former Congressman Ralph D. Cole of Findlay.

Granville

(Special to Advocate.)  
Granville, O., Sept. 10.—Dr. Milard Brelsford occupied his pulpit yesterday and delivered his first sermon since the return from his vacation. He called attention to the effort of the Baptist denomination to raise \$150,000 in the next two Sundays; collections to supplement the work of the Y. M. C. A. in caring for the Baptist boys in the camps. He mentioned the names of the dozen or more who have gone from this church aside from those whose affiliations are through their families.

C. W. Hall, who went last Friday with the first quota of drafted men, Ewart Corney and Samuel Barrington, who came to this month, and Fred McCollum, who went last week to Fort Harrison, all are among the dozen men whose membership is here. He welcomed by name, three men in the congregation who are here on a brief furlough: John Price, C. A. Metcalf, and Deming Hopkins, who served on the exemption board this summer, and has since enlisted in the navy.

Mr. and Mrs. Allen Goodrich of Delaware, and Miss Olive Youmans of Pataskala, motored to Granville, Sunday, as the guests of Mr. and Mrs. Burton Case.

Mr. and Mrs. E. E. Wright will have as house-guests during the coming fortnight, their cousins, Mr. and Mrs. Perry Pratt of Philadelphia, who, with their daughter, Miss Maude, and son George, arrived in their touring car, Saturday.

Dr. Laurette, head of the history and economics departments, has arrived from his sojourn in Oregon. He speaks of this as the "volunteer state," there having been so large a number of enlistments as to preclude the necessity for many conscriptions.

Mr. and Mrs. Robert W. Luse of Sharon, Pa., with their small daughter are visiting their cousins, Mr. and Mrs. W. H. Dolbey.

The announcement last week of Mr. and Mrs. Dolbey's removal to their new home on the Newark road was somewhat premature.

Important matters will be settled at the A. F. F. W. meeting tomorrow.

W. B. PLYER DIES OF PARALYSIS AT HIS HOME SUNDAY

William B. Plyer, aged 45, died last night from a stroke of paralysis, with which he was seized while at the Market house Saturday afternoon.

He has been a resident of Newark for the past 18 years and a member of the Masonic order and of the Fifth Street Baptist church.

He leaves his widow and one son, Durham Plyer.

Arrangements for his funeral have not been completed.

Suggested peace terms would seem to indicate that the price of peace depends largely on the rebate.

## MORE THAN HALF OF MOUND VIEW LOTS ARE SOLD SUNDAY

Five thousand persons, and the majority of them prospective buyers, attended the big lot sale in Moundview, Newark's new residence district on Sunday afternoon. The addition, formerly known as the Richard Shide property has been purchased by Messrs. O. B. Black and M. H. Neal of Columbus, with a view of making it one of the most desirable spots for a home in the city.

It has been apportioned in lots, with cement walks, gas connections and excellent sewerage, and the location is ideal. Yesterday's sale was a tremendous success and was arranged under the personal supervision of O. B. Black, who through his years of service and knowledge obtained through conducting large land sales throughout the state, is well qualified to act as manager of the company, and through his untiring efforts yesterday's successful sale was made possible.

Sunday a free car was chartered which ran every half hour, giving free service. The Buckeye band furnished music, and a balloon ascension was given. The crowd became so dense that it was really impossible to attend to their wants, as there were but eight agents working in the disposition of the lots, over half of which were sold yesterday. Over 150 autos were on the ground at one time.

Moundview promises to be one of the most attractive spots in the city with its ideal location, fronting on West Main street at 23rd street, and backed by the former encampment grounds, the surroundings are conducive to beautiful homes. In order to make it desirable for homes a restriction is placed in the purchase clause that no building costing less than \$2500 can be erected and all must be back a certain distance from the street.

In ninety days West Main street will have a splendid asphalt paving, which will at once increase the value of the purchase price of the lots. The facilities for attending school are of

## DRAFTED MEN TO FILL OHIO DIVISION

Washington, Sept. 10.—It was stated authoritatively at the war department yesterday that the Ohio National Guard division will be filled to full war strength by diverting enough drafted men from the Chillicothe cantonment to Montgomery, Ala., to fill all of the units that are not up to the required strength.

The National Guard division, in order to meet standard requirements, must have 26,200 men. It is intended that the drafted soldiers who are to fill up the deficiencies in the Guard division shall be selected entirely from Ohio so as to preserve the local associations as far as possible.

It is the understanding of the war department that one National Guard division will be sent to France every month if transportation can be provided, but there is no indication as to when the turn of the Ohio division to go abroad will come.

SCHWEITZER'S OLD JINX STILL REMAINS WITH HIM

Mr. and Mrs. Al Schweitzer are expected home today from Rochester, N. Y. Al has been playing with the Rochester International league team, and was going great until he broke his collar bone. He has almost recovered and will play with Mt. Vernon team this fall, as soon as his shoulder gets in shape. The Rochester season closes Sept. 15.—Mt. Vernon Republican-News.

## Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses."

Another says: "I can even read fine print without glasses." It is believed that thousands who wear glasses can now dispense with them in a reasonable time and still be able to see as well as before.

and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are watering you, even a little, take steps to cure them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any small drugstore and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in thickly by T. J. Evans and other druggists.

## TRACE DISEASE TO CONSTIPATION

One of the points on which different schools of medicine generally agree is that about 85% of all human disease is directly traceable to intestinal constipation. The elimination of waste due to the activity of the bowels, or constipation, is an essential factor in digestion and on its proper functioning depends the welfare of the entire system.

Constipation is a condition that should never be neglected. As soon as the bowels indicate the slightest disposition to slow up, a mild laxative should be taken. The combination of simple laxative herbs with poplar leaves as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended as a corrective, acting gently, in an easy, natural way, without griping or other pain or discomfort. This remedy can be obtained, free of charge by writing to Dr. J. C. Caldwell, Washington St., Monticello, Illinois.

## LETTERS FROM LICKING COUNTY SOLDIERS

Editor of The Advocate:—I wish to acknowledge your letter and token from the people of good old Licking county. It certainly makes a fellow feel good to know that the people back home think of the boys who are gone and I assure you that the medal will always be my most cherished possession. Sincerely yours, Charles Kegg, Co. 1, 166th U. S. Infantry, 33rd Brigade.

Mr. Kegg's letter was dated Sept. 7. "Someplace in America enroute to some place in America," Mr. Kegg's home is 31 East Street, Newark.

Editor of The Advocate:—I wish to express my thanks for the very neatly designed medal you recently sent me and hope it will be very near the front when the Huns are chased finally from invaded France and Belgium. Perhaps you may be interested in the development of the future officers that are being trained here at Fort Benjamin Harrison. Unlike those of the first camp, the men here now are much older, mostly from settled businesses or with past military experience. And they are very earnest in their drilling, studying and learning. They do not sing much when they march but you never hear a cross word, a complaint, an excuse. We work hard, arising at 5:20, drilling, marching and having physical exercise till 11:30. At one we resume but with lighter physical exercises, lectures on the parade ground or in the barracks on rainy days and time for private business from 4:30 to 6, supper time. We have study and conference from 7 till 9 and taps sound at nine thirty. Our instructors are all regular army men, with 15 to 20 years experience and efficient, courteous and thorough. They have in mind all future officers and adopt their instruction along that line. We have the luck to be in the brick barracks, with ample baths, good food and a piano for diversion. The Newark contingent is doing well and stands in line for good commissions. Altogether with excellent organization, this work is going ahead smoothly and can evoke no criticism of any nature from the most caring critic, which is saying a good deal under a Democratic administration. My regards to you personally, Frederick F. Wright, Ft. Benj. Harrison, Ind.

Editor of The Advocate:—When I received the Licking county medal this morning, I congratulated myself that my stay in Newark was long enough to gain my residence. It is one thing for the folks at home to think of the boys in camp, quite another to respond to it that will make the boys sure of the fact. This well designed medal leaves no doubt in our minds regarding your good intentions toward us and your interest in us. I thank you for the favor and hold it in high esteem. Very truly yours, Lt. Roy C. Miller, 322nd Reg. Co. 1, Camp Sherman, O.

Editor of The Advocate:—I received your letter and also the medal. I sure thank you very much for same. I enlisted at Columbus, O., April 22, 1917. I went from there to Brownsville, Tex., was there about a month, and they sent us up here. We have been here since the 2nd of June. I am getting along just fine in the band. I don't know how soon we will leave here. This is quite a large place. We play at big doings, or I should say a dance in honor of the Japanese who are over here. We played at regimental parade this evening, and we play one every Friday. We had a picture taken of the 4th Regiment, and I will send you one. I will also remember mother with one too.

There are six regiments down here and each one has a band. I like army life just fine. I thank you very much for that medal. I will write mother next time as I haven't got much time, until we start to play. So I will close for this time wishing you the best of luck, and also all of the Advocate employees. I don't know of any boys from home who enlisted when I did. But I see there is quite a bunch of them has enlisted now. I like to get The Advocate to read. Father takes it at home but that doesn't do me any good a way down here. Yours truly, Robert Brown, 4th U. S. Military Band, Gettysburg, Pa.

Editor of The Advocate:—I am now on my way to France and have with me the medal which brings to me a message of cheer from the people back home. When the American soldiers cross the sea to the great battlefields of the world surely the feeling that the people at home are united behind them will go far to bring the great conflict to a noble and glorious close.

As we from Licking county endure the hardships of battle—the duty of every man who enjoys the rights of American citizenship, the possession of this token will cause us to feel sure that those at home are suffering more than we, even though they suffer silently and that it is for them that we are fighting.

Editor of The Advocate:—I received your card today and was glad to hear from you. I thought I would write and tell you that I have been sent to Camp Robinson, Wis., so you can send the medal here. I would be pleased very much to wear it to show Old Licking County colors. Yours truly, Edward F. Zellers, Batt. C, 16 F. A. Camp Robinson, Wisconsin.

Editor of The Advocate:—Will try to answer your very kind letter. Sorry not to answer sooner. I thank every one of the contributors to the medal fund and am proud to wear the medal, considering myself honored. Again thanking you for your kindness and for The Advocate's appreciating this expression of good will from the people of Licking county, I remain yours respectfully, Serg. P. V. Jackson, 166 Inf., Camp Perry, O.

Editor of The Advocate:—Acknowledging receipt of the bronze medal service medal presented by the people of Licking County, to the Licking County Soldiers and Sailors, I hereby express my appreciation for the same. Yours truly, Frederick H. Bockoven, 1st Lieut. Dental Corps, U. S. Army, Infirmary U. S. Troops, Hachita, New Mexico.

Editor of The Advocate:—I wish to thank you and the people of Licking County for the medal, which I received about a week ago. I prize it very highly. The Licking County boys are all expecting to leave here any day. Yours respectfully, Ralph E. Dean, Headquarters, Co. 166, U. S. I., Camp Perry, Ohio.

## Amusements

**AUDITORIUM.**  
A big week.  
Fair week amusement seekers have plenty of movie entertainment this week, especially at the Auditorium where Manager Penberg has arranged a big program for both local and out of town people. Today, Tuesday and Wednesday "Marguerite" Clark in her first Paramount feature "The Amazons" together with this feature today The Hearst-Pathe News is seen. Wednesday, Thursday and Friday the happy go-lucky "Doug" Fairbanks in "Down to Earth" is seen in a Saturday matinee story made on the South Sea Island. "Hearst and Soul." This tells a great story of a struggle of love and duty. It is a Fox Super Deluxe feature for Newark for a week ending Saturday at the Auditorium of the Paramount. A craft worth while picture, pictures with such director as men like Jesse L. Lasky, Daniel Frohman, Adolph Zukor, and the technical efficiency of men like David W. Griffith, Cecil DeMille, Thomas Ince, John Ford, Francis Ford, and others, who will positively be seen only at the Auditorium theatre. The management has gone to great expense to bring the best in motion pictures to Newark and now it is up to you to say whether you want the best or none at all, for we know that the prices for these features are prohibited and that the Auditorium is the only theatre in the city that would attempt to play them. When you stop to think that for a long time you see amusement in Newark that other cities pay 15c to \$1.00 for. The price will not advance, that is at least for the present. The first feature to be offered today, tomorrow and Wednesday is "Marguerite Clark, who is seen in "The Amazons."

**The Amazons.**  
Commenting today the Auditorium theatre will present Marguerite Clark, one of the screen's fairest daughters in a roaring farce entitled "The Amazons." This production was originally written by Arthur W. Pinero and the screen version was arranged by the talented Frances Marion who has been responsible for so many of the Paramount successes.

A typical Clark picture, "The Amazons" presents the winsome little star at her best in a subject of rapid fire theme and humor. Marguerite Clark before has Marguerite Clark been given such an opportunity to display her own inimitable humor and various surprises are in store for those who see the Auditorium theatre to see their favorite.

Joseph Kaufman, the director of various special pictures has turned out one of the triumphs of his career in this latest advance production. The screen version was arranged by the talented Frances Marion who has been responsible for so many of the Paramount successes.

**Down to Earth.**  
As a special attraction at the Auditorium theatre commencing Thursday, Manager Penberg announces Douglas Fairbanks in his new Artcraft picture, "Down to Earth," written by himself and adapted to the screen by clever little Anita Loos, John Emerson, producer of previous triumphs, again pilots the activities of the energetic star in this production with a predicted "Down to Earth" in fact, it is freely admitted that "Down to Earth" is undoubtedly the greatest Fairbanks screen vehicle ever given the popular star, the audience will be amazed at the fact that he wrote it himself, incidentally adding to his accomplishments as an author.

altogether the performance is on a high  
plane of merit. Mr. Wilson will appear  
at the Auditorium soon.

**ALHAMBRA.**  
Tonight and tomorrow.  
William Russell, internationally fam-  
ed as an equally capable actor and ath-  
lete, has drawn on his admirer as-  
sociates of the Iron Ring. Made up  
at Santa Barbara in a new automobile  
garment which Mr. Russell insists in a  
surround, but which the latter's Los  
Angeles tailor declares with many  
shrugs to be purely and simply a Rus-  
sellian invention.

When Mr. Russell went shopping for  
a new auto to suit, he looked over the  
models and liked the general ap-  
pearance of a car labeled "surround."  
Then only trouble was that the sur-  
round was too tight-fitting and Russell want-  
ed his coat loose.

**Wednesday and Thursday.**  
Speed and smoothness in telling the  
story of "The Iron Ring" makes this  
new World-picture Brady-Made grip  
the attention at the very start and  
hold it throughout the entire five reels  
of the production. "The Iron Ring" is  
presented by a star cast—Arthur Ash-  
ley, Gerda Hines and Edward Lang-  
ford. It has been splendidly staged and  
it furnishes a highly satisfactory enter-  
tainment. See it on Wednesday and  
Thursday at the Alhambra theatre.

It is the story of a cultured vagabond,  
who, after having abandoned his family  
in answer to the call of the wanderlust,  
returned in poverty, to find his wife  
doing a man's work in support of her  
little family, and beset by the machi-  
nations of the town miser. How he  
saved his wife from the wrath of a  
village mob and the plottings of Joel  
Skinner, and thereby won back the love  
of that sterling woman and his little  
daughters is delightfully told in this  
screen version of Edith Ellis' famous  
play. It is an intense melodrama of the  
higher sort with wonderful touches of  
pathos and a continual comedy relief  
running throughout.

**LYRIC.**  
Manager Eldon has been fortunate  
enough to secure for fair week an un-  
usual attraction in the line of musical  
farboid comedies, changing their entire  
bill, including songs, comedy, wardrobe  
and scenery each day. The Rosebud  
girls secure great success and prosper-  
ity during their last engage-  
ment here and it is with great  
pleasure we welcome their return. Each  
of these clever girls are prepared to en-  
tertain with their own specialties,  
consisting of dancing, singing and man-  
aging specialties. The comedy, of  
course, is up to the standard and is in  
the hands of those popular comedians  
Jake J. Rose and Jack Emiline. The  
numbers are very cleverly put over by  
Val Emiline, soubrette and Peggy  
Mathews assisted by a chorus of pret-  
ty, shapely girls. The Rosebud girls  
will be here all week, commencing  
Mon. September 10th and will offer a  
new show complete each day. Opening  
show, the patriotic success of the season  
"The Recruiting Station."

## SCHOOL METHODS.

The opening of the school year brings home to all families having children the question what the schools will do this year for their youngsters. The children as the years go on will be closely examined, and frequently the verdict is that the parents used to learn a lot more in their schools years ago.

Dissatisfaction is not confined to the homes. At any educational convention you hear a lot of criticism, to the effect that the schools do not get the results they ought to for the money spent. At the same time when it comes to suggesting remedies, there is a hopeless division of opinion.

Some favor more manual training and practical studies to teach boys and girls to use their hands more skilfully. Others would cut out all the manual training and go back to the old time Three R's, which fitted girls and boys to be bookkeepers, but not have any skill with tools.

Feeling all this unrest, school authorities commonly try a good many experiments if a school has had such and such a new penmanship system, out go the old books, and in comes the new system, at the cost of the taxpayer. The teachers and pupils alike have to struggle with the new method, which for a time blocks their progress. The results may be no better. The recommendation on which they made the change may be the result merely of some particularly efficient teacher and not the particular method employed. So it goes in all branches of school work.

The schools are criticised if they make changes, and they are criticised if they don't make them and stay in the old rut. After all the one vital thing is getting competent teachers. A good teacher can make the children learn with any old system. But with one who lacks the gift of interesting children, no matter how many changes in methods are made, the youngsters will follow the same old dull path.

## WAR OUTLOOK.

Henry Clews, the New York banker, in his weekly review of events and conditions, sees no change in the war outlook. He says:

"Peace talk is very active. It is apparently inspired by consciousness of weakness in German circles. No one believes Germany is ready to submit to the terms which are sure to be insisted upon by the Allies, who are making vigorous preparations for a strenuous and decisive campaign next spring. A few striking tendencies are obvious in current events: first, the rising strength of the Allies in men, morale and munitions, and second, an equally steady fall of the same in all of the Central Powers. These contrasts in strength between the opposing forces are growing rapidly; they are materially intensified by the economic starvation of Germany, and when spring arrives with a big, efficient American army fresh in the field, backed by practically unlimited resources, then there may be reasonable hope for a peace dictated by the Allies; a peace that will be based on victory and based on just reparation and reconstruction. No wonder the Central Powers would like to make peace and to come home before the storm which they brew and breaks furiously upon them, and gives them a taste of the suffering they have so cruelly inflicted upon others."

## SOLDIERS' MEDALS.

Great interest is taken by the people of this community in the soldiers' letters that are appearing in the Advocate from day to day. If anybody doubted that the soldiers' service medals would serve a useful purpose that doubt has been removed by perusal of the letters of appreciation that are

Coming back home. These letters all show that the boys are touched by this little token of the home folks' love for them. Already the Advocate has distributed more than 300 of these bronze medals to Licking county men who are now in the service and the distribution is not half finished as every man who goes from Licking county to the new national army is to receive an engraved medal. Read the soldiers' letters that appear elsewhere in this newspaper.

An estimate of Ohio's corn crop, made by the department of agriculture places the crop at 162,273,000 bushels, as against 115,762,000 bushels last year. Carry the news to Berlin.

## WAIL OF JUNKERDOM.

(Pittsburg Gazette-Times.)  
"Democratic rule would be the ruin of Germany," is the wail of the Deutsche Tages-Zeitung in an article denouncing the American reply to the pope's note. That is not true. Democratic rule would be the ruin of Prussian militarism and of the autocratic system of government that depends upon it. Their ruin would be to the advantage of Germany, which is being swept upon the rocks by their continued ascendancy. Autocracy served a useful purpose in Germany up to a certain point, but the price paid for the benefits derived has been greater than the German people can afford to pay. As was inevitable, unlimited power was abused. The present unorthodox war resulted. The German people are great sufferers thereby. Large numbers of them realize the truth. They demand a change of system consonant with the present highest development of civilization. They are thwarted only by the dominating class which betrayed them into this war and which alone would be ruined by democratic rule. All the habits of thrift, industry, patient endeavor, scientific development of manufacturing and commerce forced upon the German people in the course of building the crushing Prussian machine for worthy purposes of world dominion would be saved to them. There are assets that nothing can take away from them. The power they have wielded so wickedly they can hope for no restoration. Instead of ruining Germany, democratic rule would elevate that nation in the estimation of the world and secure its peaceful future. When enough of the German people have been converted to the truth the change will be made. A democratic Germany will flourish as no autocratically-governed country can.

## A MASTER OF ENGLISH.

(Memphis Commercial-Appeal.)  
The Hyde Park High school of Chicago has adopted the reply of President Wilson to Pope Benedict XV, proposal of peace, as a text in the study of English. Printed leaflets containing the note in full will be used by the senior classes in the Chicago high school during the first days of the fall session.  
This reply of President Wilson is recognized by the nations of the world as one of the most perfect diplomatic documents issued in recent years.  
Europe, France and Russia bided their time and awaited for the President to assume the initiative.  
This he did with a firmness, a frankness, a fearlessness that won recognition at once.  
His note is a classic of modern diplomatic writing and the Chicago high schools could have selected no more potent example of scholarly diction than the words of the President.

It is a fine text for the study of perfectly balanced English words for brevity, conciseness and simplicity nothing within the last half century can be recalled to equal it.  
The United States has been looked upon with doubting eyes when the subject of diplomacy has been discussed in the courts of Europe.  
The Michiavelian diplomats of the old world, schooled in the art of the crafty use of words, stood astounded at the outspoken honesty of the President. Like other things that this man has done since residence in the White House it was altogether without precedent.  
Closely by the proverbial veneer of diplomatic policy statesmen of Europe have veiled their thoughts with a polish of well selected words. President Wilson thought things and gave the world the benefit of his thoughts in a master piece of English.

It stands peerless and pre-eminent as one of the most powerful documents of state on record at the capital at Washington.  
It will be used in other schools. It has been carefully studied in the editorial columns of every well-conducted newspaper of the United States. High authorities in judicial matters have keenly analyzed the power of the President, finding it without a flaw. The wonderful understanding of Woodrow Wilson, his remarkable character, his supreme fearlessness and honesty are powerfully illustrated in his now famous reply to Pope Benedict. As a text for the study of the English language no better selection could have been made by the Chicago superintendent of public schools.

## WHY MEN LEAVE HOME.

(Mansfield News.)  
There are at least ten good reasons why men leave home. Judge Stark of the domestic relations court, outlined them for 254 women in a church meeting in Chicago.  
He lists mother-in-law and father-in-law; money or lack of it; young marriages; desire to sport around after marriage; lack of home training; young girls, improper training; permitting them to become loose in morals; card parties and shaming; quarrels; argument over who's boss and bestowal of more attention upon children than husbands.  
And the judge utterly fails to mention bad cooking as one of the most fruitful causes of men leaving home.  
At any rate, a man always leads the procession at his own funeral.

"I don't no," says I. "What is the matter? Did you put something on to it you shouldn't ought?" says I. "I sure did," she says, a-ringing her hands. "I made a terrible mistake!" "Land's sake, tell me about it an' mebbe I kin suggest something," I says. "Nothing won't do no good unless I git that there card back," she says, "fer I put a too sent stamp on that card," she says, a-busting into two tiers, which she is offie stungy.

How They Flourish!  
"I thought that in the fifteen years of my practice of medicine," said a physician. "I had answered almost every possible 'fool' question, but a new one was sprung on me recently. A young man came in with an inflamed eye, for which I prescribed medicine—to be dropped into the eye three times a day. He left the office, he returned in a few minutes, poked his head in the doorway and asked, 'Shall I drop this in the eye before meals or after?'"—Topeka State Journal

The Letter "S."  
It's a bad letter, oh, my, yes!  
I'm speaking of the letter "S."  
It's always crooked, I'm confess,  
That's why it's in distress.

I'd rather praise the letter "S."

Accidents Will Happen.  
People who suddenly find themselves in accord with Senator La Follette on the taxation of war profits should not be disturbed. Let them remember that even La Follette cannot be wrong all the time. —New York World.

American Dictators.  
It's quite a sizable company of dictators the President is collecting. They are all men of the highest professional standing, and with the exception of Mr. Garfield they have special qualifications for their work. Mr. Garfield will be an able, accomplished and earnest public servant, but he has not had the training or the professional or business experience which in any sense marks him as specialist in coal production or coal price fixing.—Syracuse Post-Standard.

A Way to Dodge Trouble.  
The Observer would take occasion to renew its suggestion that in the offer of Cuba to furnish training grounds, the War Department has at hand a ready solution to the problem of the training of Negro troops. When there are so many other available locations for the training of Negro troops, and locations even more desirable, it is a false and dangerous policy for the War Department to insist on forcing them Negro troops on a citizenship that does not want them, and where, even if they were not objected to, their very presence would surely be provocative of friction and race rioting. —Charlotte Observer.

Drafting the Doctors.  
If there shall be no exemption of medical students from the draft for service in the ranks of the National Army, the supply of trained men for service with the ambulances and in the medical corps of the battlefield is likely to be imperilled should the war continue for any length of time. And what is equally important for consideration—if the present rate of enlistment from the medical profession in the Army service and its auxiliary shall be supplemented by a non-selective draft, the necessary medical and surgical service of the home communities will be impaired, if not actually imperilled.—Philadelphia Bulletin.

And with the necessity of stretching 4 1-2 yards of material over large horizontal areas we confidently predict that the visiole supplies will continue to be of the very best.

Did You Know  
That a new wireless station has been erected on Cape Juby, on the African coast? The service is available for ships in distress and communication is possible with the Canary Islands. Cape Juby is a sandy and practically barren projection into the Atlantic Ocean about sixty-seven miles from the Canaries and in the same latitude. Water is very scarce on the cape although it can be obtained in the lavines by sinking wells. The ocean fisheries at this point are very abundant.

## GERMANY'S PEACE TERMS PROMISED SOON BY MICHAELIS

London, Sept. 10.—Germany will shortly be able to publish her peace terms, according to Dr. George Michaelis, the German chancellor. Dr. Michaelis, in an interview, said he had so informed the reichstag main committee, an Exchange Telegraph dispatch from Copenhagen states.

"The main committee," said Dr. Michaelis in the interview, "has tried to make final arrangements regarding peace conditions and the question of Alsace-Lorraine, but no decision has yet been taken. The question, however, was easily discussed and Germany will soon be able to publish her peace terms."

## LESSON IN SCIENTIFIC COMPLEXION RENEWING

Everyone has a beautiful skin underneath the one exposed to view. But that in mind and it will be easier to understand the correct principle in acquiring a lovely complexion. Nature is constantly creating the top skin in flaky particles like dandruff, only much smaller in size. In abnormal conditions, or in advancing age, these particles are not shed as rapidly as in robust youth. The longer they remain the more soiled and faded they become—that is the immediate cause of a "bad complexion."

It has been discovered that ordinary mercurized soap is then wholly in evidence. You who are not satisfied with your complexion should get an ounce of mercurized wax and try this treatment. It is the way, nightly, like cold cream, washing it off mornings.

## NEWARK WOMAN'S SISTER INJURED BY AUTOMOBILE

Mrs. Aaron Zartman of West Church street, was struck by an automobile while on her way to church Sunday morning. The accident happened at the corner of Fourth avenue and High street, Columbus, and the bones in one ankle were broken.

## EXEMPTION CLAIM OF THREE REJECTED; PLAN TRIP FOR 40

The local draft board is clearing away some clerical work, preliminary to the big task of getting off the next 40 per cent of the recently drafted men for the camp at Chillicothe. No word has been received as to the manner in which the men to go September 19 will be selected. It may be that they will volunteer to go in the second contingent as did the first 5 per cent. Many have applied for permission to go with the second quota. The board considered appeals for exemption Saturday and the following claims for exemption were rejected: Archie Donald Goodin, Harley Lee Hughes, and Ross William Jenkins. According to present information the next 40 per cent will be mobilized September 17 and leave the city September 19.

## NEWARK BOYS GET PROMOTIONS; SOME VISIT HERE SUNDAY

Newark men seem to be meeting with recognition of meritorious service in the army service. Ewing Webb son of Mr. and Mrs. William F. Webb, who enlisted in the regular army at Columbus, as a private has been made sergeant. He is in the 81st Division of the National Army, and is located at Camp Jackson, Columbia, S. C.

Roy Robinson and Edgar Albright both Newark boys with Battery C, also have been promoted to first class privates with increased pay.

Several of the boys who are in the various organizations spent Sunday at their homes. Among the visitors were Edgar Albright who is stationed with Battery C at Ft. Benjamin Harrison and Lieut. Carl Meyers from Chillicothe.

## PROPOSE ORGANIZATION FOR CHILD TRAINING

Miss M. Evelyn White, field manager, is here to interest the mothers of Newark in the work of a league, which has for its object helping parents train their children physically, morally and intellectually, laying special emphasis on training for social purity. The Child Conservation League is a national organization, incorporated under the laws of the District of Columbia, and by co-operation with organized womanhood, the league seeks to do those practical things through enforcement of laws designed to better the condition of men. The president of the league is Dr. Winfield Scott Hall, the eminent authority on Sex Hygiene and Social Purity. On its advisory board are many famous men and women, among whom are Judge Ben Lindsey and President David Starr Jordan.

## SPECIAL HONOR FOR MOTHER OF DENISON BOY IN U. S. SERVICE

Bowling Green, O., Sept. 10.—A special army service flag has been made for Mrs. J. E. Ladd, wife of Attorney Ladd, by the Veteran Volunteers of Toledo. Mrs. Ladd applied to the Toledo headquarters for a service flag with four stars in it, as she has four sons enlisted in the service of their country. The volunteers did not have a flag with four stars, as it was not expected one mother would give so many sons. So provisions were made to have a special flag at once with the four stars attached. The sons of Mrs. Ladd are: Captain Jesse, United States Army; Lieutenant Donald M. Hawaiian National Guard; Corporals Raymond and Paul, Company H, Second Regiment, Ohio National Guard. Jess is a graduate of West Point Military Academy; Ray, of the Ohio State University and Donald, of Denison University.

## Shoe Cost!

EVERYBODY is aware that there has been an universal increase in the price of shoes!

The advance in the cost of leather and of everything else that enter the construction of shoes has compelled manufacturers to advance their prices considerably—it could not be avoided.

## However

Please remember that this store of "GOOD SHOES" will continue to give its patrons the very limit of shoe values for their money and still says—

## LICKING COUNTY MEN REACH CAMP IN SOAKING RAIN

(Special to The Advocate)  
Camp Sherman, Chillicothe, Sept. 10.—The seventeen Newark and Licking county men who arrived here Friday evening in a downpour of rain in charge of Ralph B. Priest are taking to camp life like ducks to water. They are all well and in fine shape. The Licking county men are to be assigned to the heavy artillery regiment, Captains Charles W. Montgomery and Walter Trinito are in the infantry so, of course, will not be connected with the Newark men in the training camp. Anyway it is said to be the policy not to have men of any locality commanded by officers familiar with them.

Lt. Fred Palmer reached camp this morning after a short furlough at his home in Newark.

Chillicothe is overwhelmed with soldiers. No one who has not visited the cantonment has the slightest idea of its vastness and the influence it exerts upon the civil life of the community.

In the first place, the price of everything in the city is above normal. Rooms in hotels rent for from \$3 to \$4 a night. But the town is "killing the goose that lays the golden egg."

The Advocate man met General Edwin F. Glenn and found him to be a most approachable man. He seems to be the man for the work he has to do. His headquarters is in a farm house of six rooms, about a mile and a half from the city, for which it is understood the government pays \$100 per month.

The wages that are received by mechanics and laborers, of whom there have been nearly 6,000 employed at the camp, are very high. The head chef at one of the camps receives \$65 per week and the assistant \$35. Boys carrying water get \$3 per day. Carpenters and other mechanics receive pay in proportion. All wages are doubled on Sundays and holidays.

All this will be changed when the drafted men reach camp, as all work will be done by these men, which will do away with civilian labor. The first 5 per cent already are in camp.

The policing of the city proper was a serious problem which General Glenn solved by sending a detachment of soldiers into town each day to aid the local police force. There are many "hard-boiled characters" who have been attracted here as one of the officers expressed it, who would not stop at committing murder for a \$10 note. Recently a waterboy was found murdered and

robbed, his throat having been cut from ear to ear.  
The saloon regulations are very strict, and the commanding general is determined to stop the sale of liquor to soldiers in uniform, and its being carried into camp from the city. In this he has the hearty cooperation of Mayor James A. Cahill, who has issued a proclamation against the sale of intoxicants in any sort of vessel, making it practically impossible to get whiskey in a bottle and "rushing the growler" soon will become a lost art in Chillicothe.

Passes to the camp are issued by Captain Ward Dabney, construction quartermaster on General Glenn's staff, who has headquarters in the city in the municipal building, and the men here are kept pretty busy as can well be imagined.

The Advocate man called upon Captain Charles W. Montgomery in Section 1, Infantry, and Lieutenant John S. Fleck, Section P, Artillery, but did not get to see the other Newark officers at camp. Military life seems to agree with these men, who take the necessary hardships and privations in the most philosophical manner and a truly patriotic spirit. They are in the best of health.

Jesse Frad, formerly of Newark, is manager of the Frad Candy company here, which does a big business, and he is very successful.

## ASK COUNTY FOLKS TO PARTICIPATE IN SOLDIERS' FAREWELL

A. S. Mitchell, chairman of the Newark Council of Defense, has called a meeting of the town committee and representatives of the County Grange to be held at the fair grounds next Wednesday, Grange day, to complete arrangements for the farewell demonstration to the large contingent of Licking county boys who will leave shortly for the army training camp at Chillicothe.

The meeting will be held in the afternoon right after the tug-of-war between the town and grange teams. A decision will be reached as to the time and program of the demonstration, which will be participated in by the people of the rural districts. The farewell to the departing contingent last week was made up of almost wholly of town residents. It is the intention to make the coming meeting and parade one in which the people of the county shall take equally an active part.

The Chamber of Commerce force Saturday for the arrangements committee sent letters to the various granges asking them to participate in the coming demonstration.

## HUSKY TEAM WILL REPRESENT CITY IN TUG OF WAR AT FAIR

The task of selecting the city team to combat the strong team from the rural district for the tug-of-war to be pulled off at the county fair, Wednesday afternoon, has been completed. F. C. Mayer, captain, thinks he has a good one.

The following is the team and the business the men represent: J. C. McGough, American Tribune; Harry Graham, Nick Apsalon, Gasper Kiss, Joe Lagore, American Bottle Co.; R. L. Carlisle, C. H. Anderson, Baltimore & Ohio Railroad; Clarence Young, Licking County Creamery; David Murphy, insurance; G. O. Bonham, Chas. Swackhamer, Jewett Car Co.; Curtis Berry, Mullen's grocery; Arthur L. Cooley, Roland Lodge, 305, K. of P.; Thomas Mazy, blacksmith; A. H. Marple, grocer; M. P. Wheeler, C. S. Osburn, feed store; L. G. Millson, Newark high school; Jas. McBurney, Wells Fargo & Co. express; Harvey J. Alexander, attorney; Wm. Schaller, Frank Ewers, the Wehrle Co.; H. D. Doane, Y. M. C. A.; E. C. Bonham, wholesale confectioner; J. W. Weakley, tinner; Fred Stimson.

## MRS. NORDLING OF COLUMBUS SAYS "IT'S WONDERFUL"

"I Shall Keep Nerv-Worth in My Medicine Chest All the Time," She Declares.

This strikingly convincing Nerv-Worth endorsement was given by Mrs. Nordling a few days ago while at Baer's Pharmacy, Wheeling. Her original purchase of this famous family tonic had been made of the Nerv-Worth drugist at Columbus. Now read her reasons for the use of that eloquent word "Wonderful!"

"I was exceedingly nervous and my system in a terribly run-down condition. I had stomach trouble and indigestion so severe that my food would ferment and I would belch up some sour and bitter stuff. Badly constipated. I did not get any restful sleep but tossed about many hours during the night. I was very weak. Pains in my side and back caused me much misery."

"After using one bottle of Nerv-Worth MY AILMENTS HAVE ALL DISAPPEARED and I feel as well as ever, strong and vigorous. It is a wonderful remedy in its quick and permanent results, and I shall keep it in my medicine chest at all times. I recommend it to everyone needing the relief I obtained."

"MRS. CHARLES NORDLING, 623 5th Ave., Columbus, O."

Druggist T. J. Evans sells Nerv-Worth in Newark. Your dollar back if it does not do for you what it has done for thousands of others.

At Hebron, the Hebron Drug Store sells Nerv-Worth; at Ulica, the Ulica Drug Store; at Granville, W. P. Willman; at Johnstown, C. S. Howard.

## Music

Throughout the length and breadth of the land there is a new sound above the tramp of marching men, America singing.

The tremendous wave of patriotic enthusiasm which is sweeping the United States from coast to coast at the present time has occasioned a great demand from the populace at large for the national songs and martial music of all kinds. The unfurling of flags, the bustle of public meetings, are call for appropriate musical accompaniment to heighten the impressiveness and dignity of the movement.

Good music does not pay as an industrial investment pays. It pays as the public school pays. It makes for better citizenship; it brings people of all classes into closer contact; it is a feature in the commercial life.

Are you a member of the Civic Choral Society? Don't forget the date. Taylor Hall, 7:30, Tuesday, Sept. 13.

I will not be responsible for debts made by my wife, Mrs. Hogrefe, Sept. 8, 1917.

Chas. Hogrefe.
